Havenwyck Hospital is a licensed private psychiatric and residential facility accredited by The Joint Commission. Havenwyck Hospital provides a continuum of individualized treatment to children, adolescents, and adults needing psychiatric and/or substance abuse treatment. Located in Auburn Hills in southeastern Michigan, Havenwyck strives to create a customized treatment plan for each individual based on level of maturity, life experiences, needs, and other factors.

Havenwyck Hospital offers a warm, supportive environment that fosters hope, healing, and recovery. Our specialized treatment programs include:

- **Adult Inpatient Psychiatric Program**
  The Adult Inpatient Psychiatric program is a licensed program that provides acute inpatient hospitalization for adults 18 years and older, who are experiencing serious psychiatric and/or substance abuse problems in a secure therapeutic environment 24 hours a day.

- **Child and Adolescent Inpatient Psychiatric Program**
  The Child and Adolescent Inpatient Psychiatric program is a licensed program specially designed to accommodate children ages 3 – 17 years of age with significant emotional and/or psychiatric problems in a secure therapeutic environment 24 hours a day.

- **Residential Impulse Disorder Program**
  The Impulse Disorder Residential program is a licensed program specifically designed for male children and adolescents 9 – 17 years of age, who are experiencing sexual acting out and psychiatric problems who require a secure, 24 hour structured therapeutic living environment.

- **Adult/Child and Adolescent Partial Day Hospital Programs**
  The Partial Day hospital program is designed for children/adolescents 5 – 17 years of age, and adults 18 and older, who require a less intensive program than the inpatient environment. Often times the Partial Day Hospital programs may aid in the transition from the inpatient program to the individuals daily living environment.
